SOCIAL RESPONSIBILITY

MANUFACTURED BY

*Suntoy*

Suntoy is a proudly South African company that has designed and manufactured the Consol Solar Jar™ since 2011. Every Suntoy employee believes that the solar powered products they assemble are enriching lives – their own and their communities.

The production of the Consol Solar Jar™ has created jobs for over 50 previously unemployed men and women from the townships of Johannesburg. It's handmade, which ensures the highest quality as well as durability.

A portion of the sales goes towards the education of Suntoy's employees and their families. Suntoy is about the stories, this made-in-SA solar lantern inspires and the committed team that makes it shine.

We invite you for a cup of coffee and a visit to our factory at 27A Baldwin Street, Village Deep, Gauteng, South Africa.

# Testimonials

We have been delighted with the Consol Solar Jar. It has blended in beautifully with our resort. The product has multiple lighting uses. We use the Consol Solar Jar to replace some candles on our tables, lighting up the bar during our management cocktail evenings, around the swimming pool and on the steps leading our guests to the restaurants and bars.

## **Gregory Coquet**

*GM of Royal Palm Beachcomber Luxury  
(Mauritius)*

The Consol Solar Jar has been a revelation in our hotel in lighting up the dinner tables while also blending in perfectly with our authentic and Eco-friendly values. Clients are so happy that they buy in the boutique as their souvenir of the holidays.

## **Nicolas de Chalain**

*GM of Sugar Beach Golf & Spa Resort 5\*  
(Mauritius)*

One of the aspects that we really love with the Consol Solar Jar is the adaptability of this innovative, Eco-friendly product. You can decorate the inside of the product therefore changing the mood and atmosphere every evening in the bars and restaurants of the hotel.
